Miki is the bodyguard of the super-model, Ran. He's also the only person who knows that the golden-eyed Ran is in fact a werewolf. Not only does Ran have an animalistic sex-drive, he's also inhumanly strong. "Then, why does he need me as his bodyguard?" Miki wondered. And then, Ran was stabbed by a fan while protecting Miki— Also included in the book a spin-off, "Intoxicated by the Moon".
